

MACQUARIE BUSINESS PARK Community Walkathon

Step out to support children and youth in your local community!

Strengthening our Community

Founded in 2013, the Macquarie Park Business Community Partnership began when a few CEOs came together with United Way Australia to play a meaningful role in creating lasting change locally. They wanted to change Macquarie Business Park from being a 'drive in, drive out' community to a vibrant collaboration of corporations helping young people reach their potential.

Today, the initiative has exceeded all expectations!

Thousands of books and learning resources have been delivered to children aged 0-5, while 650 young adults have been helped transition to work or higher education. This impact has been achieved with the help of over 900 dedicated volunteers from 8 businesses.

About the Walkathon

The Walkathon is a flexible course of up to 7km around the Macquarie Business Park with fun activities along the way, finishing with a sausage sizzle on the lawns of Johnson & Johnson.

Why should you participate?

Taking part in the Walkathon is the perfect way to:

- Join other local businesses giving back to the community in which we work
- Raise funds for local children's literacy
- Get to know our neighbourhood business district better
- Network with other businesses in the area
- Have an afternoon of fun with colleagues
- No fitness prerequisite – you choose the distance you'd like to walk

How much will it cost to participate?

For \$2,500, you'll not only be able to register 16 participants who will have a fun walk and sausage sizzle, you'll also be helping more local children reach their full potential.

Sign up today and make a difference!

Please contact: marla.bozic@unitedway.com.au

You can also enquire about the May 2020 United Way Community Cup, a soccer event you don't want to miss!
